## DISMISSAL IN WATER CASE IS AGREED

Motion To Dismiss Argued And Denied; Settlement Stipulated In Resess

A dismissal was entered Thursday afternoon in Superior Court in the matter of the El Dorado Irrigation District against the Pacific Gas & Electric Company, praying for an injunction to restrain the company from interfering with a continuous flow of water to the district from the company's forebay.

The dismissal was ordered by Judge Raymond McIntosh, of Sierra County, on the basis of an agreement reached during a mid-afternoon recess after the company's motion to dismiss the petition had been argued, submitted and denied.

Basis for the stipulation on which the dismissal is based was reached in conference during the recess but the agreement was not formally drawn up.

It was understood that the stipulation will say that:

1. The dismissal is entered without prejudice;
2. The company agrees to continue to supply water as in the past;
3. If a continuous flow of water (Continued on Page Four)

## DE MOLAYS NOTE ANNIVERSARY

Fifteenth Birthday Of Chapter To Be Observed At Dinner, Meeting Tonight

Members of El Dorado Chapter Order of De Molay, reported Friday noon that preparations for their fifteenth anniversary dinner and meeting tonight at Masonic temple indicate the usual large attendance of members, parents and other friends of the chapter.

E. Raymond Cato, chief of the state highway patrol, will be the principal speaker. Chief Cato accepted the engagement several weeks ago with the proviso that in the event an emergency required his presence elsewhere, he would detail an aide to speak for him on "What De Molays may do to help traffic safety."

The dinner will be followed by an open meeting of the chapter during which the Majority degree will be conferred upon several candidates. Robert Woodward, acting master counselor, will preside. The arrangements for the evening have been concluded under the general chairmanship of Bill Rupley, with an assisting committee.

## Apathy Toward War Noted

Public Fails To Appreciate Seriousness Of War In Europe, President Says

WASHINGTON, (UP)—President Roosevelt declared today that the American public does not appreciate the extreme seriousness of the European war and its implications concerning life in the United States.

Public awareness of the significance of the struggle is gradually increasing, but thus far has been inadequate, the President said.

He refused to answer a question as to whether allied reverses in Greece made America's position more critical in the great struggle. He said that was a question he did not care to answer.

The President made clear that he is broadening the war aid program under the lend-lease act so as to send material aid to China in its struggle with the Japanese Empire.

The President refused to answer a question as to whether the army's organization of a civilian observation corps for airplane spotting might infer that there is danger of an air attack against this country.

He told the questioner that he knows as much on that subject as the president himself.

The president said that experimental organization of civilian observers in New York had worked very well and the army was pleased.

## FAIR BOARD TO START STUDY ON AWARDS

Meeting Tuesday Night Will Have Schedule Of State Agency As Guide

The board of directors of the El Dorado County Fair Association, at their meeting Tuesday night, will begin preliminary study preparatory to setting up the premium list for the 1941 County Fair, to be held the third weekend in August.

Chairman George E. Faugsted reported Friday that the preparation of the list will be based upon the master premium list for county and district fairs in the state, which was released Wednesday by the state Department of Fairs and Expositions, to a meeting of fair chairmen and secretaries, held at Santa Rosa.

The El Dorado County Fair was represented at the meeting by Secretary John A. Winkelman and Mr. Faugsted.

Business of the meeting was devoted chiefly to an explanation by officers of the state department of the scope, extent and limitations of the master premium list, and general discussion intended to result in a more thorough understanding generally of county and district fairs and their problems.

Mr. Faugsted reports that all of the representatives present were evidently proceeding with enthusiasm in plans for their fairs this year.

The preparation of the El Dorado County Fair premium list, Mr. Faugsted said, will require considerable study and every effort will be made by the board to announce the premium list at the earliest possible date.

## Fire Threat Nipped In Bud Thursday

The promise of a serious fire in the frame structure along Center Street was nipped in the bud Thursday afternoon when a passerby found a carton ablaze in the garbage behind the Tracy Shoe store and carried it into the street.

City police state they learn that the mystery as to how the carton became ablaze is attributed to the presence in the area of small boys playing with matches.

It was indicated that a quiet investigation will seek the cooperation of the parents of the children in the interest of preventing destruction of property and in the further interest of protecting the children against injury or death by fire.

## 25 TO 50 PCT. INCREASE IN TAXES SEEN

Administration's Goal Is One-Third Gain In Anticipated U. S. Revenue

By JOHN R. BEAL

WASHINGTON, (UP)—Corporations and individuals—particularly in the low and middle brackets—today faced the prospect of paying 25 to 50 per cent higher taxes on this year's income and on cigarettes, gasoline and other taxable commodities beginning July 1.

President Roosevelt today expressed aversion to a sales or a payroll tax as a means of raising defense revenue, an attitude that fitted with that of most congressional fiscal experts.

The President said that he did not know now what means will be used to raise the money but that he will make a statement to the people on the tax problem soon. Presumably he will emphasize the need for sacrifices to help pay for defense.

The administration has asked Congress to raise \$3,444,000,000 a year in new revenue—the largest tax program in history.

The administration's goal is to increase anticipated federal revenue by one-third. Present spending (Continued on Page Two)

## County Defense Unit Planned

Organization Meeting To Be Called Soon, District Attorney Says

District Attorney, Henry S. Lyon, announced Friday he is preparing to call a meeting very shortly for the purpose of organizing this county for civilian defense.

This county is in the Seventh Region of the State Civilian Defense Council. Mr. Lyon represents this county on the council and next week will attend a meeting in the attorney general's office in Sacramento.

The details of the plan were not announced but it was indicated that representative men and women will be asked to attend the meeting as well as persons occupying key positions in order that this county will be properly and adequately prepared for any emergency.

The Civilian Defense Council is being organized throughout the state under the leadership of Attorney General Earl Warren.

## LEGISLATIVE SIDELIGHTS

By THE UNITED PRESS

For not paying attention during consideration of a highly technical building and loan reorganization bill, Senator Robert K. Kennedy of Los Angeles was caught embarrassingly "off base" the other morning.

He was properly chided by the chairman of the senate committee on financial institutions, T. H. DeLoach of Contra Costa county. After the verbal chastisement was over, Kennedy, much like a schoolboy told to stay after class, looked over the top of his spectacles and meekly said: "Yes, teacher."

The question of interim secretaries for Los Angeles, San Francisco and Alameda county senators provoked many humorous sallies in the upper chamber.

The plea of the trio was that the great volume of work entitled them to some assistance. Senator Jesse Mayo said that if the volume of work was to be a criterion he would see that the bill was amended in the lower chamber to provide his assemblyman (Allen G. Thurman) with a jackass to cover his 10 counties.

Debate on the reappointment bill in the assembly dragged out to the point where a few of the members were listening to the arguments.

Assemblyman Edward O'Day of San Francisco had the floor and was expounding at length on the possible unconstitutionality of the bill. Suddenly he stopped and addressed the chair:

"Mr. Speaker, am I talking to myself?" he inquired.

## SPORTSMEN SET FOR DINNER

Rod And Gun Club Heads Expect Attendance Of About 125 AT Meeting

An attendance of approximately 125 is expected at the annual meeting of the El Dorado County Rod and Gun Club at Hotel Raffles tonight, club officers said this morning.

The meeting will start off with the club's annual sea food dinner following which officers for the new year will be chosen, legislation relative to fish and game will be considered, the work of the club for the past year will be reviewed, and there will be a special after-dinner program.

This is head-lined by a talk by Tod Powell, who conducts the column "The Woodsman" in the San Francisco Chronicle, a talk by Bryan Curtis, of the state fish and game department, and the showing of motion pictures provided by "Ducks Unlimited."

## Chief And Mrs. Jones On Middle West Vacation

Chief of Police and Mrs. R. W. Jones left Thursday by car for a vacation visit in the Middle West. They will return home about May 1, this being Mr. Jones' annual two-week vacation.

## GREEK DEFENSE LINES FIRM, SAY ALLIES

Nazis Pour 1,000 Planes, Thousands Of Troops Into Major Hellenic Offensive

By JOE ALEX MORRIS

U. P. Foreign News Editor

Adolf Hitler threw the weight of his southeastern blitz forces—1,000 airplanes and probably several hundred thousand picked troops—against the stubborn British and Greek defenders of Attica today.

The allied defense lines bent but—so far as was reported—did not break in some of the war's bloodiest fighting.

How long the comparatively small band of British Imperial troops and tough Greek fighting men could withstand attack after attack with apparent German disregard for losses was not certain.

London admitted the situation was serious. A spokesman said there was no point in disguising that fact. But he added quickly that while the Greeks gradually were being forced southward from the positions they have long held in Albania no Nazi breakthrough has yet been reported.

London was cheered today by word that the Royal Air Force had carried out their biggest attack of the war upon Berlin, employing powerful new Stirling four-engined bombers and new-type explosive bombs. The Germans admitted residential and "cultural" property was hit. The Prussian state library, damaged in the big British attack of April 9, was struck again. (Continued on Page Two)

## Nettie Cowan Answers Call

Services Tuesday For Former County Resident; Interment In Placerville

Miss Mary J. (Nettie) Cowan, 87, for many years resident in El Dorado county and in late years residing at Berkeley, passed away there on Friday morning.

The funeral service will be held Tuesday morning at Oakland at the Chapel of the Flowers. Burial will be in Placerville at Union cemetery at 1:30 o'clock in the afternoon.

Miss Cowan was a daughter of the late William and Catherine Cowan and was a native of Pennsylvania. The family lived many years in the Smith Flat district and Miss Cowan was an active member of the Presbyterian church here, since moving to the Bay district she had transferred her membership to the First Presbyterian Church in Berkeley.

Miss Cowan was a sister of the late Alex B. Cowan and of Mrs. Lydia J. Love and is survived by four nieces and a nephew.

The arrangements for the interment are being concluded with the assistance of the Dillinger Chapel.

## In hundreds of home-cooking tests women learned HOW TO MAKE LIGHTER CAKES!

When they tested "SURE-MIX" CRISCO they gave it a 4-to-1 vote! Yes—Crisco is different!

What a thrill when a cake with lots of "eye appeal" tastes as delicious as it looks!

That's the thrill that hundreds of housewives got lately when they baked cakes with "Sure-Mix" Crisco. These women—typical housewives—were using other shortenings (every kind you can think of) when independent investigators asked them to try Crisco and compare results.

Crisco cakes win 4-to-1 vote! My, what a hit Crisco cakes made! "They're lighter!... They're smoother-textured!... They taste better!" came the chorus of praise. Why, when these housewives told which shortening they liked best, Crisco won by a 4-to-1 vote over

all other shortenings combined! And when these housewives compared Crisco in their pies and fried foods it won the same big 4-to-1 vote—for flakier, better-tasting pies and more delicious fried foods.

## Why Crisco is different

A patented discovery makes New Crisco different from any other home shortening we know of. You'll be amazed at the new kind of cake batter you get—so smooth and satiny that you just feel sure you'll get a better cake.

So won't you do this week-end's baking with "Sure-Mix" Crisco?

## DATE SPICE CAKE

Moist and fruity—Men will love it!

1/4 cup Crisco 1 1/2 cups flour  
1 cup sugar 2 teaspoons baking powder  
2 eggs (save 1 white for icing) 1 teaspoon soda  
1/4 teaspoon salt 1/4 teaspoon each of cloves, and nutmeg  
1 cup pitted dates, cut fine 1/4 teaspoon cinnamon  
1 cup nutmeats, chopped 1/2 cup water

Blend Crisco, sugar, eggs and salt. (See what a satiny-smooth mixture you get with New Crisco!) Stir in dates and nuts. Sift flour with baking powder, soda and spices. Add alternately with water to Crisco mixture. Pour in an 8-inch square "Crisco" lined and floured pan. Bake in moderate oven (350 degrees F.) 1 hour. Remove from pan and cool.

FLUFFY ORANGE ICING: Combine in top of double-boiler, 1 egg white, 2 tablespoons orange juice, 1 tablespoon water, 1/2 cup sugar. Beat with rotary egg beater until icing stands in peaks. Stir in 1 tablespoon grated orange rind. Frost top of cake, and decorate with walnut halves.

### REAL ESTATE WANTED

RANCHES, HOMES, WANTED! We furnish buyers. LIST with Mrs. KELLER, Pacific St. Phone 111.

The plan for this one-story house is said by architects to be very practical. Kitchen and bathroom plumbing are placed back to back, bedrooms have essential privacy, and space taken up by the hall is a minimum. The exterior offers nothing new but illustrates well the use of the portecochere or "carport" which is replacing the garage in many sections where the climate is moderate. This house is one of a group being constructed in a Southern city, to sell at from \$2,700 to \$3,000 with land. The houses are being built to conform to Federal Housing Administration property standards in order that they may qualify for financing under the FHA-insured mortgage plan.

## OFFICIAL INDEX SHOWS STEADY DECLINE FOR RECENT WEEKS

Northern California Homes Foundation Cites Wholesale Price Decline For Two Consecutive Recent Weeks; Dealers Add Design Service

As forecast by Northern California Homes Foundation, the cost of building materials continues to level off, while the No. 1 material of home building—lumber—has dropped steadily in cost during recent weeks, according to the Department of Labor's Index of Wholesale Prices. The wholesale price of lumber dropped 0.3 point in the week ending March 8, and 0.6 point in the week ending March 15, the Foundation points out. For the latter period, lumber had the greatest price decrease in a list of 25 commodities. Only livestock and poultry came down in cost to the consumer to a greater degree than lumber. The index of building materials prices stood at 99.4 for the week, the same as the index figure for the week ending February 8.

"There are two major reasons for these factual items of good news to the American consumer," declares Bernard B. Barber, Foundation

Chairman. "Building materials dealers, with other departments of the home-building industry, have generally taken strong individual action to maintain a level price movement. In the case of lumber, the disruptive effect of last fall's wild government buying on the normal market has been remedied. The pressure of cantonment construction has slackened. Best of all, Government buying of lumber has been organized to be carried on in an orderly manner. There should be no repetition of scores of government agencies bidding against each other for this material."

"Meanwhile, the local units of the building industry—there are 23,000 retail lumber dealers alone in the United States—have increased their services to home-building families. A large number of minimum-cost home designs have been created by retail lumber merchants."

## BARTLETTS TO PLAY SUNDAY

(Continued from Page One)

to club moves to Placerville for a game called at 2:30 o'clock at Marcus P. Bennett, Jr., Memorial Park. In other league games, Colfax is at Auburn, Lincoln meets W. & R. at Roseville and the Roseville Merchants go to Polson.

The potential changes in the percentage of Sunday's game are tremendous.

Manager Walter Butts reported on Friday morning that the Bartletts have been getting in some practice during the past week and feel a little better prepared for Sunday's game than they were for the league opener last Sunday when they started the season without so much as a practice tilt.

"Can't tell who we'll start on the mound," Butts said. "It might be Schroth and it might be Land, and then we have Jackson who played a whale of a game last week in left field."

North Sacramento will have Bartlett at third base; Sisler, left field; Stephens, first base; Sullivan, right field; Oneller, second base; Ralmon, shortstop; Giantasio, center field; Matthews, pitching and Farnsworth receiving.

The Bartlett batting order last week led off with Bill Clark at shortstop; Bob Clark right field; Goodin, third base; Begovich, first base; Jackson, left field; Spanan, second base; Michaels, center field; Facchini, catching, and with Land or Schroth pitching.

## Dismissal In Water Case

(Continued from Page One)

ter to the district is to be interrupted in the future, except as interrupted by causes arising beyond the company's control, three weeks written notice will be given the district by the company;

4. All rights are reserved by each party.

It was understood that an agreement also was made that each party to the recent action would bear his own costs. Representatives of the company were said to have indicated that there would be no extra charge to the district for water furnished since the temporary restraining order and were also reported to have stated that it is unlikely there will be any occasion to shut off a continuous flow of water to the district for fifteen or twenty years.

The action originated March 31 when the water district filed a petition in Superior Court praying for the injunction and for the temporary restraining order. The petition was filed after the company had shut off the flow of water from its forebay to the district. The water was so shut off, it was understood, in connection with the shutting off of water in the company's main canal from the intake, near Kyburz to the forebay, which was done for the purpose of making repairs to the canal.

The temporary restraining order was issued the afternoon of May 31 and the flow of water was restored by the company the morning of April 1. Hearing on the order to show cause why an injunction should not issue was set for April 10 and continued from that date until April 17 and the company's motion to dismiss, which the court denied, was filed April 15.
